.....

Additional information about the artefact<sup>3</sup> .....

.....

.....

Signature of applicant..... Date.....

- <sup>1</sup> If the application form is printed on the stationery containing this information, it should not be repeated in the body of the form.
- <sup>2</sup> Permanent identifying marks in accordance with Regulations 34C and 34E including the batch number. Regulation 34E states that identifying marks (including the date of verification) may be marked on or attached to the artefact. Where this is impractical due to the nature, shape or size of the artefact, the artefact shall be enclosed in a sealed container that is marked with the identifying marks.
- <sup>3</sup> The information required should be specified by the verifying authority in the form or deleted if not required before it is made available to an applicant. Examples may include;  
Does the artefact contain hazardous material? If so, provide information:  
Does the artefact require special handling? If so, provide information:
