THE 2020 PRIME MINISTER'S PRIZES FOR SCIENCE

Do you know an inspiring scientist, science researcher or research-based innovator?

Nominate them for the 2020 Prime Minister's Prizes for Science.

There are five prizes recognising achievement across a range of disciplines and career stages. Recipients will share \$650 000 in prize money, make some great connections and showcase their work to the world.

Nominating is easy! All you need is:

1. a willing nominee
2. a copy of their CV
3. a summary of their achievement addressing the merit criteria
4. details of two supporters
5. details of three referees

Then fill out the nomination form and hit submit.

We welcome nominations that reflect and celebrate the diversity of Australia's science and innovation communities.

Nominations open 6 February and close 12 March 2020.

Go to business.gov.au/scienceprizes to find out more and submit your nomination.
