Subject: Re: Correspondence by s 11C(1)(a) [SEC=OFFICIAL]

Thanks s 22 for the heads up and yes I am aware of this issue and Monash is handling it directly. Please do not respond to the emails or forward them.

Good morning s 22

This email is to give you a 'heads-up' that the enquiries inbox has received two emails from a s 11C(1)(a), addressed to the Hon s 22 with you cc'd in (among a number of other names). The emails seem to relate to a complaint of misconduct at Monash University, but are quite incoherent.

The Agency will not be forwarding or responding to these emails. If this relates to any matter in which you have involvement, we are happy to keep them should they be needed, but otherwise the Agency will treat these emails as spam.

Regards
