Dear s22

It is my pleasure to appoint you as a founding member of the Rail Industry Innovation Council (the Council) for three years from the date of this letter.

The Council is a key component of the Government's National Rail Manufacturing Plan. The Council will be an independent, non-statutory body that will provide strategic advice to the Government on rail innovation policies and facilitate practices that engender competitiveness in the rail manufacturing sector. The Council will be supported by a secretariat based in my department, the Department of Industry, Science and Resources.

With your strong understanding of the importance of manufacturing to a resilient economy, I know you will make a significant contribution to the Council.

My department will contact you separately to formalise your appointment and initiate your work on the Council.

Yours sincerely

s22

Ed Husic MP

CC: Senator the Hon Tim Ayres, Assistant Minister for Manufacturing
