Hi Minister,

Last week, I met with APA to discuss pipelines from the NT to the east coast gas market. This was in follow up to our discussion on what could be done to bring forward projects. Notes attached.

s47(1)(b), s 47C

I've attached the east coast pipeline expansion fact sheet for info. Provides a good overview of the project, its timing, and APA's belief the infrastructure will be in place to move gas south from reservation as it is needed.

Happy to discuss
