Dear Minister King,

Next Wednesday, the Prime Minister is addressing a CME industry breakfast.

As a proud CME member, Woodside would like to invite you to join our table to hear the Prime Minister outline priorities for the 2026 Budget.

Find event details below. If you're able to join, please respond to this email by COB 23 April with any dietary requirements.

We hope you can join us.

Prime Minister Industry Breakfast

On the eve of the first budget of the Albanese Government's historic second term win, the **Chamber of Minerals and Energy WA will host the Prime Minister** for a breakfast address and in-conversation session.

The fifth budget of the Albanese Government is being formed under the backdrop of global conflict and tightened energy markets. Never has there been a more important time for the engine room of Australia's economy, the West Australian resources industry, to hear from the Prime Minister on Australia's economic outlook and the government's response to the fuel security challenges we face.

A central focus of the Prime Minister's address will be fuel security and the role Western Australia's resources sector plays in keeping the nation operating. This is a timely opportunity to hear how the Government is approaching these challenges, and what it means for Australia's place in an increasingly contested world.

The Prime Minister will then join CME CEO Aaron Morey for an in-conversation session to unpack the implications for industry and the road ahead.

7.00am registration for a 7.30am start.
