8. Are there any exporters exempt from anti-dumping securities? .....	6
9. What tariff classifications and statistical codes are covered by the anti-dumping securities? .....	7
10. What are the duty assessment importation and application period dates? .....	7

Question	Response
<p>1. What countries do measures apply to?</p>	<p>On 23 April 2021, provisional anti-dumping measures in the form of dumping securities (IDD) and countervailing securities (ICD) were imposed on Painted Steel Strapping exported from the People’s Republic of China (China). For more information please refer to <a href="#">SEF 553</a> and Anti-Dumping Notice <a href="#">2021/056</a></p> <p>On 26 November 2021, with an effective date 27 November 2021, anti-dumping measures in the form of interim dumping duties (IDD) and interim countervailing duties (ICD) were imposed on painted steel strapping from China. For more information please refer to Final Report <a href="#">REP 553</a> and Anti-Dumping Notice <a href="#">2021/136</a>, <a href="#">2021/137</a> and <a href="#">2021/138</a></p>
<p>2. What types of painted steel strapping are subject to provisional anti-dumping measures?</p>	<p><b>The ‘description of goods’ subject to securities include:</b></p> <ul style="list-style-type: none"> <li>• Painted steel strapping, of carbon steel, whether or not in coils, whether or not waxed, with a nominal width of 12 mm to 32 mm, a nominal thickness of 0.5 mm to 1.5 mm.</li> </ul> <p><b>The following descriptions are <i>excluded</i> from measures, exemption type “GOODS” applies:</b></p> <ul style="list-style-type: none"> <li>• Stainless steel strapping and galvanised steel strapping are excluded from the goods.</li> </ul> <p>For more information about the description of the goods subject to securities, please refer to the <a href="#">SEF 553</a> for the investigation.</p> <p><b><u>Please Note:</u></b></p> <ol style="list-style-type: none"> <li>1. When importing goods into the country importers are required to self-assess whether the imported goods meet the goods description outlined above and whether anti-dumping measures apply.</li> <li>2. The Anti-Dumping Commission is not in a position to provide advice on whether certain goods meet the description above.</li> <li>3. The use of exemption types is subject to monitoring by the Anti-Dumping Commission (the Commission) and Australian Border Force (ABF).</li> </ol>

<p>3. How much Dumping Securities (IDD)/ Countervailing Securities (ICD) will an importer have to pay?</p>	<p><b><u>IDD – all exporters (except Qinhuangdao Jiashilun Packaging Material Co Ltd)</u></b> IDD is in the form of an ad valorem measure. The total IDD liability is calculated by multiplying the dumping export price (DXP) by the applicable IDD ad valorem duty rate.</p> <p><b><u>ICD – all exporters</u></b> The ICD liability is calculated by multiplying the DXP by the ICD ad valorem duty rate.</p>
<p>4. Example of how to calculate the Dumping Securities (IDD)/ Countervailing Securities (ICD) liability</p>	<p><b>Ad Valorem measures</b></p> <p>The following is an <b>example</b> of how to calculate the IDD/ICD liability.</p> <ul style="list-style-type: none"> <li>• DXP = AUD \$1,000 (Free-On-Board (FOB), cash)</li> <li>• IDD ad valorem rate = 10%</li> <li>• ICD ad valorem rate = 15%</li> </ul> <p><b>Total IDD liability</b> DXP (\$1,000) multiplied by the IDD ad valorem rate (10%) = \$100</p> <p><b>Total ICD liability</b> DXP (\$1,000) multiplied by the ICD ad valorem rate (15%) = \$150</p>

5. What is the dumping export price (DXP) and how do I calculate it?

The DXP refers to the actual export price of the exported goods. The DXP should reflect the total export (invoice) price of the goods being entered, not the unit price of the goods.

**The DXP should be recorded on the relevant Full Import Declaration for the goods in the same terms as the AEP for the goods. Calculating the DXP may involve adjusting the actual export invoice price of the goods to the terms specified for the AEP.**

For example, if the AEP terms are “FOB, cash” and the actual invoice terms of the goods are “CIF, 60 days, packed”, the following adjustments will need to be made in order to calculate the DXP at FOB, cash level.

- step 1 - an adjustment for interest on credit terms will need to be made; and
- step 2 - the overseas freight and insurance components will need to be subtracted from the export invoice price.

Where suitable evidence cannot be proffered by the importer of the interest rate, then 1.0% per month (0.033% per day) should be applied to the actual invoice price credit terms.

An example of adjusting for credit and incoterms is provided below:

- Invoice terms = CIF, 60 days
- Specified terms = FOB, cash
- Export price - invoice amount = \$1,000
- Marine insurance and ocean freight amount = \$100

**Step 1 - adjust for credit terms**

1. 1% per month interest rate should be applied to the invoiced price credit terms (i.e. 30 days = 1%)
2. If the invoiced CIF, 60 days price is \$1,000, then the CIF, cash price = \$980 (\$1,000 less 2%)

**Step 2 - adjust for incoterms**

3. Adjust for freight and insurance to calculate DXP at FOB, cash equivalent
4. CIF, cash price of \$980 minus freight and insurance amount of \$100 = \$880
5. The DXP price = \$880 FOB, cash

<p>6. What information is needed to complete an import declaration for goods subject to securities?</p>	<p>The information required by an importer or Customs broker to complete an import declaration for goods subject to ICD/IDD is:</p> <ul style="list-style-type: none"> <li>• DXP;</li> <li>• Dumping Specification Number (DSN) or exemption type (where appropriate);</li> <li>• Country (this is usually country of origin or export country);</li> <li>• Tariff classification and statistical code;</li> <li>• Exporter / supplier; and</li> <li>• Quantity.</li> </ul> <p>Please see below to determine which DSN applies to the exporter of your goods.</p>																												
<p>7. What DSN do I use for my imported goods and what are the rates for my exporter?</p>	<p>The following DSNs apply to goods exported from China and entered for home consumption on or after <b>27 November 2021</b>.</p> <table border="1" data-bbox="508 600 2004 927"> <thead> <tr> <th>Exporter</th> <th>CCID</th> <th>Measure</th> <th>ICD Ad Valorem Rate</th> <th>IDD Ad Valorem Rate</th> <th>Export Terms</th> <th>DSN</th> </tr> </thead> <tbody> <tr> <td colspan="7"><b>China</b></td> </tr> <tr> <td><u>Qinhuangdao Jiashilun Packaging Material Co Ltd</u> Supplied directly</td> <td>CEY7736467X CFF9997779K CFW3333637P</td> <td></td> <td></td> <td></td> <td></td> <td>EXEMPT</td> </tr> <tr> <td><u>All other Exporters</u></td> <td></td> <td>IDD/ICD</td> <td>22.5%</td> <td>17.3%</td> <td>FOB, cash</td> <td>2</td> </tr> </tbody> </table> <p><b>Please Note:</b> As duties are in the form of an ad valorem measure, there are no confidential rates.</p>	Exporter	CCID	Measure	ICD Ad Valorem Rate	IDD Ad Valorem Rate	Export Terms	DSN	<b>China</b>							<u>Qinhuangdao Jiashilun Packaging Material Co Ltd</u> Supplied directly	CEY7736467X CFF9997779K CFW3333637P					EXEMPT	<u>All other Exporters</u>		IDD/ICD	22.5%	17.3%	FOB, cash	2
Exporter	CCID	Measure	ICD Ad Valorem Rate	IDD Ad Valorem Rate	Export Terms	DSN																							
<b>China</b>																													
<u>Qinhuangdao Jiashilun Packaging Material Co Ltd</u> Supplied directly	CEY7736467X CFF9997779K CFW3333637P					EXEMPT																							
<u>All other Exporters</u>		IDD/ICD	22.5%	17.3%	FOB, cash	2																							
<p>8. Are there any exporters exempt from anti-dumping securities?</p>	<p>All exporters and suppliers of painted steel strapping from China are subject to ICD and IDD except for Qinhuangdao Jiashilun Packaging Material Co Ltd.</p> <p>The 'all other exporters' rate of IDD/ICD will apply to exported goods unless an importer has evidence that the goods are being supplied either directly by a named exporter or through a linked supplier.</p>																												

<p>9. What tariff classifications and statistical codes are covered by the anti-dumping securities?</p>	<p>Goods are generally, but not exclusively, classified to the tariff classifications and associated statistical codes below:</p> <table border="1" data-bbox="712 236 1370 328"> <thead> <tr> <th>Tariff Classification</th> <th>Statistical code</th> </tr> </thead> <tbody> <tr> <td>7212.40.00</td> <td>62</td> </tr> </tbody> </table> <p>These tariff classification numbers may apply to goods which are not subject to measures, may change because of amendments to the Working Tariff, or the subject goods may be imported under tariff classification numbers that are not listed.</p> <p>The listing of this tariff classification and statistical code is for convenience or reference only and does not form part of the goods description. Refer to the description of goods for authoritative details regarding the subject goods.</p> <p>Where importers are unclear on the correct tariff classification of their goods, it is recommended they contact Australian Border Force on 131 881 for further advice.</p>	Tariff Classification	Statistical code	7212.40.00	62														
Tariff Classification	Statistical code																		
7212.40.00	62																		
<p>10. What are the duty assessment importation and application period dates?</p>	<p>An importer of goods on which an IDD has been paid, may lodge an application with the Commissioner requesting that the Parliamentary Secretary make an assessment of the final liability of those goods to duty.</p> <p>There are a series of time frames fixed by legislation that govern the duty assessment system (referred to as importation periods). The duty assessment importation periods and application dates for aluminium zinc coated steel from China are as follows:</p> <table border="1" data-bbox="577 858 1541 1193"> <thead> <tr> <th>Importation Period</th> <th>Application Period</th> </tr> </thead> <tbody> <tr> <td>26 November 2021 – 25 May 2022</td> <td>26 May 2022 – 25 November 2022</td> </tr> <tr> <td>26 May 2022 – 25 November 2022</td> <td>26 November 2022 – 25 May 2023</td> </tr> <tr> <td>26 November 2022 – 25 May 2023</td> <td>26 May 2023 – 25 November 2023</td> </tr> <tr> <td>26 May 2023 – 25 November 2023</td> <td>26 November 2023 – 25 May 2024</td> </tr> <tr> <td>26 November 2023 – 25 May 2024</td> <td>26 May 2024 – 25 November 2024</td> </tr> <tr> <td>26 May 2024 – 25 November 2024</td> <td>26 November 2024 – 25 May 2025</td> </tr> <tr> <td>26 November 2024 – 25 May 2025</td> <td>26 May 2025 – 25 November 2025</td> </tr> <tr> <td>26 May 2025 – 25 November 2025</td> <td>26 November 2025 – 25 May 2026</td> </tr> </tbody> </table> <p>More information about duty assessments is available on the <a href="#">Anti-Dumping Commission website</a>.</p>	Importation Period	Application Period	26 November 2021 – 25 May 2022	26 May 2022 – 25 November 2022	26 May 2022 – 25 November 2022	26 November 2022 – 25 May 2023	26 November 2022 – 25 May 2023	26 May 2023 – 25 November 2023	26 May 2023 – 25 November 2023	26 November 2023 – 25 May 2024	26 November 2023 – 25 May 2024	26 May 2024 – 25 November 2024	26 May 2024 – 25 November 2024	26 November 2024 – 25 May 2025	26 November 2024 – 25 May 2025	26 May 2025 – 25 November 2025	26 May 2025 – 25 November 2025	26 November 2025 – 25 May 2026
