LONGKOU CONGLIN ALUMINIUM CO., LTD.

To whom it may concern,

丛林函字[2012] 号

Longkou Conglin Aluminium Co., Ltd has been made aware of an anti-dumping investigation in Australia concerning Aluminium Extrusions out of China. Longkou Conglin Aluminium Co., Ltd would like to start a relationship with a reputable company in Australia. However, for this relationship to develop this company has advised me to apply for an acceleration review for this anti-dumping investigation. First Longkou Conglin Aluminium Co., Ltd had no participation in the investigation period of 1st Jul, 2008 to 28th Feb, 2010. It is important to mention that our company did not have any relationship with other companies who were involved in the investigation.

Longkou Conglin Aluminium Co., Ltd is seen as an international exporter, has never exported into Australia. We believe this would classify our company as an exporter in relation to the criteria for applying for an accelerated review.

The main products Longkou Conglin Aluminium Co., Ltd would like to export to Australia are Aluminium Extrusions classified to tariff subhead 7602.00, 7608.00 and 7610.00 in schedule 3 of Customs Tariff Act 1995, to Australia from People's Republic of China. If we can provide any additional information about our company please do not hesitate to contact us or our associates in Australia.

Yours Sincerely

President of Conglin Group Co., Ltd
