EXEMPTION REQUEST

Customs Tariff (Anti-Dumping) Act 1975 (the Dumping Duty Act)

Section 8(7)(a) and section 10(8)(a) of the Dumping Duty Act: that like or directly competitive goods are not offered for sale in Australia to all purchasers on equal terms under like conditions having regard to the custom and usage of trade.

SUBJECT GOODS

STEEL PLATE SPECIFICATION AS3678-K1042

AND JISG 4051 S45C

THICKNESS OVER 100 MM

These goods have been included in the plate dumping investigation ETR198.

Adsteel import these goods from Korea , Japan and China. We have continued to import these goods during the plate dumping investigation assuming they will not be the subject of any dumping duty however on review and checking with Customs it appears these goods are classified as " the subject goods ".

They are not supplied by Bluescope Steel Australia and we are therefore requesting an exemption from any dumping duty. Bluescope have confirmed verbally and I have attached a copy of their " K1042 " data sheet to confirm they offer up to a maximum of 100 mm.

Yours Sincerely,

Robert Buchanan.

Director.
