ANTI-DUMPING NOTICE NO 2022/074

Accelerated Review No 602

Certain wind towers exported to Australia from the People's Republic of China

Notice for longer period for the declaration of the Minister

Customs Act 1901 - Public notice under section 269ZG(3B)

The Commissioner of the Anti-Dumping Commission (the Commissioner) has completed an accelerated review of a dumping duty notice in respect of certain wind towers exported to Australia from the People's Republic of China in so far as it relates to the exporter Penglai Dajin Offshore Heavy Industry Co., Ltd.

Copies of the application and any submissions made in relation to the accelerated review are available on the Anti-Dumping Commission's website at www.adcommission.gov.au.

The Commissioner provided his final report and recommendations to me on 20 June 2022. Section 269ZG(3A)(a) of the *Customs Act 1901* (the Act) requires me to make my declaration on the outcome of this review within 30 days after receiving the Commissioner's report, that is, by **20 July 2022**.

I consider that there are special circumstances that prevent me from making the declaration within that period. Section 269ZG(3A)(b) of the Act provides that the declaration may be made within such longer period as I consider appropriate.

Accordingly, I have extended the period for making the declaration for a further **30 days**. This means the declaration must now be made by **19 August 2022**.
