

ANTI-DUMPING NOTICE NO. 2014/63

Prepared or Preserved Tomatoes Exported from Italy

Findings in relation to an Accelerated Review of Anti-Dumping Measures

Customs Act 1901 – Part XVB

I, Dale Seymour, the Commissioner of the Anti-Dumping Commission have completed the accelerated review, which commenced on 17 April 2014, of the anti-dumping measures applying to prepared or preserved tomatoes exported to Australia from Italy in so far as they affect Davia S.p.A.

Findings and recommendations were reported to the Parliamentary Secretary to the Minister for Industry (the Parliamentary Secretary) in *Anti-Dumping Commission Report No. 246* (REP 246). The Parliamentary Secretary has considered REP 246 and has accepted the recommendations and reasons for the recommendations, including all material findings of fact or law set out in the REP 246.

Under subsection 269ZG(3)(a) of the *Customs Act 1901* (the Act), the Parliamentary Secretary declared that for the purposes of the Act and the *Customs Tariff (Anti-Dumping) Act 1975* (the Dumping Duty Act), the original dumping duty notice is to remain unchanged. The Commission concluded that Davia S.p.A. is not a manufacturer or producer of prepared or preserved tomatoes, and it does not have the status of an exporter. As such, Davia cannot be considered a new exporter for the purposes of an accelerated review and therefore is not eligible for an accelerated review.

Notice of the Parliamentary Secretary's decision was published in the *Commonwealth of Australia Gazette* on 31 July 2014.

REP 246 has been placed on the public record, which may be examined at the Anti-Dumping Commission office by contacting the case manager on the details provided below. Alternatively, the public record is available at www.adcommission.gov.au.
