

Director Operations 1
Anti-Dumping Commission

Attention: Mr. Rod Jones

Dear Mr. Rod Jones,

We have received the notice of initiation and the questionnaire of the anti dumping investigation for steel wire rod imported from several countries including Turkey on April 15, 2014. In the notice of initiation, it is stated that the interested parties who request the questionnaire must have response to the questionnaire by May 20, 2014.

“Diler Demir Çelik San. Ve Tic. A.Ş.” is a major producer and exporter of the subject merchandise and is going to response to the questionnaire in order to be an interested party in this investigation.

As you know, Turkey same as Australia, is currently having several public holidays during April and May such as Celebration of National Sovereignty, Labour Day, Commemoration of Atatürk Youth and Sports Day. It is very common practice in Turkey that people take their vacation holiday during these days.

This is exactly the situation of “Diler Demir Çelik San. Ve Tic. A.Ş.” Most of the staffs working on the preparation of the responses will be having their vacation. Therefore, we respectfully request from your Esteemed Department to consider our situation and kindly grant us an extension until May 30,2014.

We take this opportunity to show our respect and wish you a happy Anzac Day.

Thank you and best regards.

Müge Korkmaz

Area Sales Manager
