“PUBLIC RECORD”

I wish to confirm that Williams Mining is a manufacturer of the materials as described in your email, WMIS manufactures the Electrical steel conduits in our factory at 28 Burwood Ave, Woodville North 5012 and have done since 1994.

The process of manufacture is the company Hills Industries based at Lonsdale in South Australia have manufactured the precision tube on our behalf to Australian and international standards, the sizes listed are the once sourced and manufactured for WMIS
20mm x 1.6mm wall thickness, 25mm x 1.8mm wall thickness, 32mm x 1.8mm wall thickness, 40mm x 1.8mm wall thickness, 50mm x 2mm wall thickness, 63.5mm x 2mm wall thickness and 101.6mm x 1.6mm wall thickness. Please note the company Hills has had name changes such as Orrcon Industries now part of the Blue scope group,

The pipes/tubes are manufactured on behalf of WMIS where we value add by threading both ends and attaching a threaded or push on coupling to enable tube to be connected and distributed to Electrical wholesalers and electricians throughout Australia and exports.

WMIS Product Codes:
WMI-20C3-A
WMI-25C3-A
WMI-32C3-A
WMI-40C3-A
WMI-50C3-A
WMI-63VHD-A
WMI-100LF-A

All Conduits manufactured by WMIS are available to the general public via Electrical Wholesalers Australia Wide..

There are no minimum or maximum restrictions on purchase quantities we do however expect purchases to be in bundle lots example:
20mm in bundles of 10
25mm in bundles of 7
32mm in bundles of 5
40mm in bundles of 3
50mm in bundles of 3

All our Conduits are manufactured to AS2053.7 and as the only conduit manufacturer in Australia I have not been notified of any forthcoming changes to Australian Metal conduits, you mention AS/NZ 61386.21 unfamiliar with this, the only changes that have been made to AS2053.7 is the acceptance and approval for our threadless conduits (Locfit) manufactured to the same same outer size but a thinner wall thickness 1.2mm. from 20mm thru to 100mm. Details available on our web site (Locfit Conduits)

Australia's Leading Manufacturer of Metal Conduits.

I have included a Data sheets of our Australian made conduits and would welcome the thin wall threadless conduits to be added to the list.

In closing I wish to confirm that WMIS is the only Australian company manufacturing this product with the joint venture of Orrcon Industries (Blue Scope) for the Australian construction industries we have been severely impacted by Imports over the last 15-20 years and welcome any assistance possible by the Australian government via dumping taxes to put WMIS on an equal footing when it comes to competitive pricing.

WMIS employs 14 direct employees and uses several outside contractors to manufacture components to value add to our Australian made conduits

Please feel free to contact me on 0418816740 should you require any additional information or confirmation.

Kind Regards

Josef Ott
(General Manager)

Australia's Leading Manufacturer of Metal Conduits.
