* Buy 2 pallets or more of any Q CELLS panel and receive a REDSET ONE collateral pack

About Q CELLS European

Q CELLS have produced solar cells, panels and solar power systems since 1999 and have grown to become the 3rd largest module manufacturer in the world. Q CELLS modules are made in Europe and offer German engineering quality with a unique triple Yield Security.

- 12 year product warranty
- 25 year power output warranty at 83%
- Automated manufacturing process
- 100% tested for Hot Spots, Shunt Resistant Sorted and Anti PID for cells and modules
- +5W power tolerance

About Phono Solar Chinese

Phono Solar is a leading Chinese solar panel manufacturer, specialising in solar technology innovation and system development. Phono Solar is a subsidiary of SINOMACH, a Fortune 500 company with diversified industries, founded in 1997.

- 10 year product warranty
- 25 year performance warranty
- Global R&D and Test Centre
- Robotic Manufacturing

About Zeus Apollo Chinese

Zeus Apollo is one of the leading enterprises in the renewable energy sector with a commitment to the Australian solar market. Locally operated and managed in Western Australia, Zeus Apollo delivers an extensive product range that meets strict quality control and Australian Standards.

- No less than 97% output power in the first year
- 25 year power output warranty at 80.2%
- Infrared and flash testing
- CEC approved

About Canadian Solar Canadian Chinese

Canadian Solar was founded in Ontario, Canada in 2001, where it began manufacturing. In 2005, Canadian Solar opened its second manufacturing plant in China and was successfully listed on the NASDAQ in 2006. Today, it operates in both countries, delivering vertically integrated solar modules to customers in over 50 countries. Canadian Solar is now the world's 4th largest module manufacturer.

- 10 year product warranty
- 25 year power output warranty at 80%
- +5W power tolerance
- Anodized frame
- Mechanical load at 5400N/m²
