from the Republic of Indonesia**

Findings in relation to an Accelerated Review of Anti-Dumping Measures

Public Notice under subsection 269ZG(3) of the Customs Act 1901

The Commissioner of the Anti-Dumping Commission (the Commissioner) has completed the accelerated review, which commenced on 30 May 2018, of the anti-dumping measures applying to certain steel reinforcing bar (the goods) exported to Australia from the Republic of Indonesia (Indonesia) by PT. Toyogiri Iron Steel (the applicant).

Recommendations resulting from that review, reasons for the recommendations and material findings of fact and law in relation to the review are contained in *Anti-Dumping Commission Report No. 481 (REP 481)*.

I, KAREN ANDREWS, the Minister for Industry, Science and Technology, have considered REP 481 and have decided to accept the recommendations and reasons for the recommendations, including all the material findings of facts and law set out in REP 481.

Under subsection 269ZG(3) of the *Customs Act 1901* (the Act), I declare that, with effect from 30 May 2018, the Act and the *Customs Tariff (Anti-Dumping) Act 1975* (the Dumping Duty Act) have effect as if the original dumping duty notice had applied to the applicant but the then Assistant Minister for Science, Jobs and Innovation and Parliamentary Secretary to the Minister for Jobs and Innovation had fixed specified different variable factors relevant to the determination of duty.

The duty that has been determined is an amount worked out in accordance with the floor price duty method as detailed in the table below.

Exporter/country	Dumping Margin	Effective rate of interim dumping duty	Duty Method
PT. Toyogiri Iron Steel	0%	0%	floor price duty method

IDD will be payable on the goods exported by the applicant only when the actual export price is below the floor price which is a specified (confidential) amount per kilogram as per Confidential Table 1 to this notice.

The actual duty liability may be higher than the effective rate of duty due to a number of factors. Affected parties should contact the Anti-Dumping Commission on 13 28 46 or at clientsupport@adcommission.gov.au for further information regarding the actual duty liability calculation in their particular circumstance.

REP 481 has been placed on the public record, available at www.adcommission.gov.au. The public record may also be examined at the Anti-Dumping Commission office by contacting the case manager on the details provided below.
