Ms Kerry Taylor
Director Operations 4
Anti-Dumping Commission
1010 La Trobe Street
DOCKLANDS VICTORIA 3008

Dear Ms Taylor,

Re: Certain Hollow Structural Sections exported from the Kingdom of Thailand

I refer to Anti-Dumping Notice No. 2014/59 (“ADN No. 2014/59”) of 21 July 2014 notifying of the initiation of an investigation by the Anti-Dumping Commission (“the Commission”) into exports of certain hollow structural sections (“HSS”) exported from the Kingdom of Thailand (“Thailand”).

The commencement of the investigation follows an application by Austube Mills Pty Ltd (“ATM”).

Orrcon Manufacturing Pty Ltd (“Orrcon”) is also a manufacturer of HSS. Orrcon’s manufacturing operations are located at Salisbury, Queensland. The company has production capacity to produce approximately 130,000 tonnes per annum.

As an Australian producer of goods the subject of the application, Orrcon is an interested party in the Commission’s investigation into HSS exported from Thailand in accordance with S.269T(1)(f) of the *Customs Act 1901*. Orrcon welcomes the Commission’s investigation into the dumping of HSS exports from Thailand and supports ATM’s application for the imposition of measures on HSS exports from Thailand. Orrcon is also readily available to assist the Commission with relevant information requirements as appropriate.

If you have any inquiries concerning this letter (or information requirements to assist with your inquiries) please do not hesitate to contact me on (07) 3274 0679.

Yours sincerely

Leon Andrewartha
Managing Director

we'll see it through
