Dear Sir

**Dumping Investigation into Malaysia and Vietnam No. 362 – Notice number 2016/77**

I am writing to you in reference to Anti-Dumping Notice 2016/77 which is investigating the dumping and subsidisation of aluminium extrusions exported into Australia from Malaysia and Vietnam.

BlueScope Distribution is an active reseller and distributor of Aluminium product in Australia with facilities in all states and territories of Australia. Whilst we currently source a majority of our extruded aluminium products from Australian manufacturers, all of whom are outlined in Capral's application dated 27 June 2016, we do from time to time purchase from Malaysia and Vietnam.

The volumes that we do purchase from these countries are a very minor portion of our overall volume and as such we do not see BlueScope's participation in the investigation being of significant value but are willing to offer whatever information and support the Commission deems necessary.

Yours sincerely

A handwritten signature in black ink, appearing to read "D. Watts".

David Watts  
National Aluminium Manager
