Dear Daniel / Alistair,

Subject : Extension of time for submission of Exporter Questionnaire ("EQ")

We would like to request you to kindly apply to the Australian Anti Dumping commission on behalf of Ispat Indo and respectfully request an extension of time until 19th June 2014, to submit the Exporter Questionnaire ("EQ") response. This extension is necessary because:

- [REDACTED]
- Ispat Indo is currently finalizing the company accounts for the financial year 2013. As a result, Ispat Indo's finance department has been severely constrained in its ability to collate and interpret the substantial amounts of data required to adequately respond to the EQ.
- Three public holidays fall between the provision of the EQ and the point at which the response is due to be provided to the Anti-Dumping Commission: Good Friday (18 April), International Labour Day (1 May) and Buddha's Anniversary (15 May).

Please let us know if you would need anything else for this request from our side.

Your truly

Mukul Khandekar
