***Notice under subsection 269ZDB(1)(a)(iii) of the Customs Act 1901  
and subsection 8(5) of the Customs Tariff (Anti-Dumping) Act 1975***

The Commissioner of the Anti-Dumping Commission has completed a review, which was initiated on 18 April 2016, of the anti-dumping measures applying to certain hot rolled structural steel sections (the goods) exported to Australia from Taiwan and the Kingdom of Thailand (Thailand). The review was limited to examining whether the variable factors relevant to the taking of the anti-dumping measures as they affect Tung Ho Steel Enterprise Corporation (Tung Ho Steel) (Taiwan) and Siam Yamato Steel Co., Ltd. (SYS) (Thailand) should be varied.

Recommendations resulting from that review, reasons for the recommendations and material findings of fact and law in relation to the review are contained in Anti-Dumping Commission Report No. 345 and Commission Report No. 346 (REP 345 and REP 346).

I, CRAIG LAUNDY, Assistant Minister for Industry, Innovation and Science and Parliamentary Secretary to the Minister for Industry, Innovation and Science (the Parliamentary Secretary),<sup>1</sup> have considered REP 345 and REP 346 and have decided to accept the recommendations and reasons for the recommendations, including all the material findings of facts or law set out in REP 345 and REP 346.

Under subsection 269ZDB(1)(a)(iii) of the *Customs Act 1901* (the Act), I declare that, for the purposes of the Act and the *Customs Tariff (Anti-Dumping) Act 1975* (Dumping Duty Act), that, with effect from the date of publication of this notice, the dumping duty notice currently applying to the goods exported to Australia from Taiwan by Tung Ho Steel and from Thailand by SYS is to be taken to have effect or to have had effect as if I had fixed different variable factors in respect of Tung Ho Steel and SYS, relevant to the determination of duty.
