Dear Mr. Jones:

Ref: Anti-Dumping investigation regarding Rod in coils exported from the Republic of Indonesia, Taiwan and Turkey (2014/27)

Habaş Sinai ve Tibbi Gazlar Istihsal Endüstrisi A.Ş. ("Habaş") is an exporter and producer of the subject merchandise located in Turkey and therefore a party in the aforementioned antidumping investigation. Habaş kindly request a three week extension of the deadline for submission of responses to the questionnaire, from May 20th, 2014 to June 10th, 2014.

Habaş has been working diligently on its response, but, during this same time period, it has also been preparing for and will be participating in the sales and cost verifications in the U.S. antidumping investigation of rebar from Turkey and Mexico, in which Habaş has obtained a deminimis dumping margin in the preliminary results. In addition, the company is preparing for its semi annual closings and has a major tax submission deadline in end of May

Preparation of the questionnaire response requires Habaş to assemble and translate a massive amount of information, from several different departments within the company, and this effort must be done by the same company officials that are involved in the U.S. antidumping verifications and the yearend closings.

Habaş is confident that it will be able to file a complete and accurate response if this extension is granted, and it believes such extension will enhance the efficiency of the Commission's efforts in this investigation as well.

For these reasons, Habaş asks that its time for responding to the questionnaire herein be extended to June 10, 2014.

Respectfully submitted,

Filiz Haseski

HABAŞ
