Dear Mr Moulis

Investigation of alleged dumping and subsidisation of silicon metal exported from the People's Republic of China

We refer to correspondence from the Ministry of Commerce of the People's Republic of China nominating Moulis Legal as a representative of the Government of the People's Republic of China (Government of China), received on 11 April 2014 by facsimile.

A questionnaire for the silicon metal investigation was sent to the Government of China on 5 March 2014. A response to that questionnaire was due by 11 April 2014. Neither a response to the questionnaire nor a request for an extension was received by the Anti-Dumping Commission by the due date.

We write to advise you that it is likely that the Anti-Dumping Commissioner will consider that the Government of China has not cooperated with the investigation and make findings and recommendations having regard to all relevant information, which may include information provided by the applicants in this matter.

Yours sincerely
