

The Commissioner
Anti-Dumping Commission
Canberra ACT 2601
Australia

Dear Sir,

Response to Statement of Essential Facts No. 210

As applicant for revocation of the anti-dumping measures applicable to greyback cartonboard exported from Korea, we are obviously pleased with the Anti-Dumping Commission's preliminary finding that these measures should be revoked, with effect from 8 June 2013. We consider this the correct finding on the basis of the facts established by this review.

The only other comment we would like to make is that, given that the domestic industry has expressed no objection to revocation of these measures, we hope that the Commission can make its revocation recommendation to the Minister before the 18 October deadline.

Yours faithfully,

16th of September, 2013
Vice President / Jun Park,
