Dear Mr King,

**ALUMINIUM EXTRUSIONS EXPORTED FROM CHINA BY GUANGDONG
JIANGSHENG ALUMINIUM CO. LTD.**

As you are aware we represent Guangdong Jiangsheng Aluminium Co. Ltd (“Jiangsheng”) to the captioned investigation on whose behalf this letter in response to Capral Ltd’s letter of 21 November 2017 is sent.

Exports to Australia

All of Jiangsheng’s exports to Australia are direct to its Australian customers, with arrangements for them made by its exporter agent Jiangmen Jianghai. It does not export through the entities listed in Capral’s letter, or any other entities. It’s exports to Australia are all sold directly to its Australian customers, which are listed in (confidential) Attachment B-1 to Jiangsheng’s Exporter Questionnaire Response.

Jiangsheng has made domestic sales to certain of the entities listed in Capral’s letter, who may have exported the products purchased from them to Australia. If so, these exports would have been sold to Australian customers by these entities, not by Jiangsheng. That is, exports to Australia by these entities are made by them and sales to Australian customers are made by them. They are not Jiangsheng exports through them.

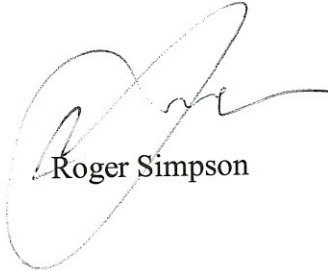

Related entities

Jiangsheng has had no association with the TaiAo Aluminium Group Ltd subsidiary companies listed in Capral’s letter. It follows that none of these companies have provided capital to Jiangsheng.

Arm's length sales

Contrary to Capral's claim, Jiangsheng does not export its products to Guangdong Jiangsheng Aluminium (Australia) Pty Ltd. It exports directly to the unrelated Australian customers listed in (confidential) Attachment B-1 to Jiangsheng's Exporter Questionnaire Response (**including [Confidential]**), i.e. it does not have related party sales to Australia.

Yours sincerely,
