ANTI- DUMPING NOTICE NO. 2014/136

Certain Aluminium Road Wheels exported from the People's Republic of China

Extension of time granted to issue the Statement of Essential Facts

Customs Act 1901 – Part XV B

On 15 September 2014, the Anti-Dumping Commission (the Commission) published a notice announcing the initiation of a review of anti-dumping measures applying to certain aluminium road wheels exported to Australia from the People's Republic of China.

A full description of the goods is available in Anti-Dumping Notice No. 2014/86 which is available on the Commission's website at www.adcommission.gov.au.

The initiation notice advised that the statement of essential facts (SEF) for the review would be placed on the public record by 5 January 2015. The SEF will set out the facts on which I propose to base recommendations to the Parliamentary Secretary to the Minister for Industry (the Parliamentary Secretary) in relation to the review.

Due to the continuing heavy workload of the Commission, I requested an extension of the deadline for the publication of the SEF. The Parliamentary Secretary has, under section 269ZH1 of the *Customs Act 1901*, extended the deadline for the publication of the SEF. The SEF will now be placed on the public record no later than **30 June 2015**. Interested parties will be invited to make submissions to the Commission in response to the SEF within 20 days of the SEF being placed on the public record. A recommendation to the Parliamentary Secretary will now be made in a report due on or before **14 August 2015**.

Documents included in the public record are available at www.adcommission.gov.au. Alternatively the public record may be examined at the Commission's office by contacting the case manager on the details provided below.

Enquiries about this notice may be directed to the case manager on telephone number +61 3 9244 8271, fax number 1300 882 506 or +61 3 9244 8902 (outside Australia) or operations4@adcommission.gov.au.
