

ANTI-DUMPING NOTICE NO. 2014/83

Certain Aluminium Extrusions

Exported from the People's Republic of China

Extension of time granted to issue the Final Report to the Parliamentary Secretary

Customs Act 1901 – Part XVB

On 14 April 2014, the Anti-Dumping Commission (the Commission) published a notice announcing the initiation of an anti-circumvention inquiry in respect of certain aluminium extrusions exported to Australia from the People's Republic of China.

A full description of the goods is available in Anti-Dumping Notice (ADN) No. 2014/31. This ADN is available on the internet at www.adcommission.gov.au.

The initiation notice advised that a Final Report setting out the facts on which I base my recommendations would be submitted to the Parliamentary Secretary to the Minister for Industry (the Parliamentary Secretary) on or before 23 July 2014.

On 15 July 2014, the Parliamentary Secretary approved an extension to the deadline to issue the Final Report to 6 September 2014 due to case complexities (ADN 2014/61 refers).

Due to the complexity of the issues surrounding the first anti-circumvention inquiry under Division 5A of the *Customs Act 1901* (the Act), and to allow for the publication of an Issues Paper and consideration of stakeholder submissions, I requested, pursuant to subsection 269ZHI(1)(ec) of the Act, an extension of the deadline for submission of the Final Report to the Parliamentary Secretary.

The Parliamentary Secretary has, as a result of that request, extended the deadline for submission of the Final Report to **24 October 2014**. The Parliamentary Secretary's decision for this inquiry is now due on or before **23 November 2014**, unless extended.

Documents included in the public record may be examined at the Commission's office by contacting the case manager on the details provided below. Alternatively, the public record is available at www.adcommission.gov.au.
