Dear Mr O' Connor,

following your e-mail dated 29.07.2013 in reply to our e-mail dated 26.07.2013, we are sending herewith the PART 1 of the Exporter Questionnaire.

At the same time, we kindly ask you for an extension of time for the submission of the PART II to 30.09.2013 as, not being DE CLEMENTE CONSERVE S.p.A a direct exporter to Australia, our Company has to ask for information to our Trader/Intermediary, which has made the direct exportation of our products to Australia, in order to gain a significant part of the information required in the PART II of the exporter questionnaire.

Being trustful in your understanding and cooperation, I look forward to receiving confirmation of the prorogation from you as soon as possible.

Kind regards,

[REDACTED]
