

## **ANTI-DUMPING NOTICE NO. 2014/03**

### **Processed dried currants**

### **Exported from Greece**

## **Findings in Relation to a Review of Anti-Dumping Measures**

### ***Customs Act 1901 – Part XVB***

The Anti-Dumping Commission (the Commission) has completed its review of the anti-dumping measures applying to processed dried currants (“the goods”) exported to Australia from Greece.

The Parliamentary Secretary to the Minister for Industry (the Parliamentary Secretary) has considered the Commission’s final findings and recommendations as detailed in *Anti-Dumping Commission Report No. 220* (REP 220). The Parliamentary Secretary has accepted the Commission’s recommendations and reasons for the recommendations, including all material findings of fact or law set out in REP 220.

Under subsection 269ZDB(1) of the *Customs Act 1901* (the Act), the Parliamentary Secretary declared that, for the purposes of the Act and the *Customs Tariff (Anti-Dumping) Act 1975*, with effect from 14 January 2014 the dumping duty notice currently applying to the goods exported to Australia from Greece is to be taken to have effect in relation to exporters generally as if different variable factors had been fixed, relevant to the determination of duty.

The duty that has been determined is an amount worked out in accordance with the floor price duty method as detailed in the table below.

Particulars of the dumping margins established for each of the exporters and the effective rates of duties are set out in the following table.

<b>Exporter/country</b>	<b>Dumping Margin</b>	<b>Effective rate of interim dumping duty</b>	<b>Duty Method</b>
Agricultural Co-Operative Union Aeghion	3.3%	0.0%	floor price duty method
Other exporters	8.1%	0.0%	floor price duty method

The actual duty liability may be higher than the effective rate of duty due to a number of factors. Affected parties should contact the Commission on 1300 884 159 or at [clientsupport@adcommission.gov.au](mailto:clientsupport@adcommission.gov.au) for further information regarding the actual duty liability calculation in their particular circumstance.

To preserve confidentiality, details of the revised variable factors such as Ascertained Export Price (AEP) and Normal Value and Non-Injurious Price (NIP) will not be published. *Bona fide* importers of the goods can obtain details of the new rates from the Regional Dumping Liaison Officer in their respective capital city.

Notice of the Parliamentary Secretary's decision was published in *The Australian* newspaper and the *Commonwealth of Australia Gazette* on 13 January 2014.

Interested parties may seek a review of this decision by lodging an application with the Anti-Dumping Review Panel ([www.adreviewpanel.gov.au](http://www.adreviewpanel.gov.au)) in accordance with the requirements in Division 9 of Part XVB of the Act, within 30 days of the publication in *The Australian*.

REP 220 has been placed on the Commission's public record, available at [www.adcommission.gov.au](http://www.adcommission.gov.au). Alternatively, the public record may be examined at the Commission office during business hours by contacting the case manager on the details provided below.
