Dear Chris and Pamela

I attach our letter of authority to represent ABB Limited of Thailand ("ABB Thailand") in this matter. Please direct communications relating to ABB Thailand to me in the first instance.

ABB Thailand would like an extension for its EQ response, on the basis that there is a great amount of complexity to the information gathering over the three year POI and, at the same time:

- in the first week of each month, all financial control units in ABB Thailand are busy with the month-end closing;
- the financial department is engaged in the process of 2013 forecast (10 September deadline) and 2014 budget (first draft required by 30 September).

ABB Thailand respectfully requests an extension of time to submit its Exporter Questionnaire ("EQ") response until Wednesday 2 October 2013. Depending on the advice from ADC about domestic sales and costs reporting it might be possible to bring this forward however for now we would be grateful if this extension could be confirmed.

Please do not hesitate to contact me if you have any questions about the matters raised in this email.

Regards

Daniel Moulis
