28 April 2014

Dear Manager,

As one of the Australian importers of the Chinese deep drawn stainless steel sinks we would like to reply to your letter about the anti-dumping investigation stated in your letter and your report – CON238.

We purchased our stocks from Chinese manufacturers at arm's length transactions and we did not intent to sell them at a loss in Australia.

We noticed in your report that one of the key allegations of the 'dumping' practices is that Chinese exporters are supplying the products below the Chinese domestic market prices. We strongly object that argument and would like to provide the comparisons of our FOB purchase price (e.g. export price from China to Australia) and the Chinese domestic retail prices.

Since there are no identical items available for comparing we used the most closed sized products for this purpose. The materials weight differences used in those products are very minimal for the pricing purpose.

From the attached information you can see that the China export price is similar with the what is selling in Chinese domestic market and is not lower than that.

We hope this letter would help your investigation of this case. Yours truly,

Ms QiongDi CEN Director SHD Group Pty Ltd Add: 9 / 14 - 26 Audsley Street, Clayton South VIC 3169

T: 03 9562 6968 F: 03 9562 9385 email: <u>shd\_aus@hotmail.com</u>

#### Enclosed:

- 1) Import FOB Purchase Invoice
- 2) Chinese Domestic Retail Prices from China's largest consumer website taobao.com
