 Australia

Dear Mr Williams,

RE: SUBMISSION BY CLASSIC EMAS (SARAWAK) SDN BHD (CES) REGARDING ADC CASE NO 362 – INVESTIGATION INTO ALLEGED DUMPING AND SUBSIDISATION OF CERTAIN ALUMINIUM EXTRUSIONS EXPORTED FROM MALAYSIA AND THE SOCIALIST REPUBLIC OF VIETNAM

We refer to the subject above and would like to clarify that the reason for this late submission is due to the letter from ADC dated 16th August 2016 was sent to the wrong address. We had made every effort to respond to the ADC as soon as we are aware. We would be happy to assist ADC with the investigation.

CES is a company incorporated in 1983 under the laws of Malaysia. Our core businesses include [REDACTED], distribution of aluminium profiles & related products and [REDACTED].

Within the stipulated investigation period, CES had exported aluminium profiles from Malaysia to Australia. CES sourced its aluminium billet from [REDACTED] (Malaysian aluminium billet supplier) using pricing based on London Metal Exchange (LME). CES then engages its manufacturer, [REDACTED] (Malaysian manufacturer of aluminium profiles) to produce its aluminium profiles using pricing based on a tooling conversion. CES will load the materials to a container and export the goods from a Malaysian Port.

We do not agree that our exports caused material injury to the Australian aluminium extrusion market. CES had not received any countervailing subsidies in respect of the goods. Also, CES has not exported aluminium profiles to Australia at a dumped price.

We trust that the above explains the foregoing and hope that the ADC would ensure that the investigation be conducted in a fair manner not to jeopardize the competitiveness of bilateral trade.

Thank you.

Yours sincerely,

 Koh Wee Loong, William
 Director CEO
 Classic Emas (Sarawak) Sdn Bhd
