Dear Mr Yacono

Investigation into Hot Rolled Structural Sections exported from Japan, Korea, Taiwan and Thailand – Importer Visit Report – Commercial Metals Pty Ltd

I would like to draw to the attention of the Anti-Dumping Commission (“ADC”) the deficiencies associated with the recent publication of the Importer Visit Report for Commercial Metals Pty Ltd in the above inquiry.

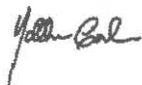

The redactions that appear throughout the report have been inadequately summarised and, in particular, the complete redaction of Section 7 “General Comments” falls well short of the requirements detailed in ACDN No. 2012/42.

The redactions of Section 7 of the Commercial Metals Visit Report do not allow interested parties “a reasonable understanding of the substance of the information” provided by the importer.

It is requested that you redress this shortcoming with Commercial metals Pty Ltd.

If you have any questions concerning this letter please do not hesitate to contact OneSteel's representative Mr John O'Connor on (07) 3342 1921 or Mr Matt Condon of OneSteel on (02) 8424 9880.

Yours sincerely
