Subject: RE: Response to Commission re Officeworks and Woolworths [DLM=For-  
Official-Use-Only]

Dear Craig

I have just returned from overseas and can find no record of Fuji Xerox Australia Pty Ltd having responded to my request dated 22 April 2014 seeking further information on FXA's rebates applying to sales of imported copy paper and additional import documentation. The last time we spoke on 15 May 2014 you indicated that, although your legal counsel had some reservations, most of the requested information had been collated and that you expected to respond to the request shortly thereafter.

Could you please advise urgently, and in any case by no later than 12 noon on Monday 2 June 2014, if it appears that correspondence has gone astray or, if not, whether FXA has decided not to respond to the request from the Anti-Dumping Commission. I must impress upon you the importance of the Commissioner for Anti-Dumping having sufficient reliable information available to him to support his recommendation to the Parliamentary Secretary to the Minister for Industry. In the absence of such information, the Commissioner will be required to consider all available information, including that provided by the applicant for anti-dumping measures, in making his recommendation.

Please do not hesitate to contact me if you wish to discuss. I will be placing a copy of this email on the public record for the investigation.

Regards
