Public File Version

Dear Mr Mantynen

Investigation No. 447 – Aluminium extrusions exported through one or more third countries from The People's Republic of China –

Further to Capral's submission dated 29 November 2017, Capral has been able to identify further companies involved in the circumvention (including transshipment) of aluminium extrusions to Australia that have been produced in China.

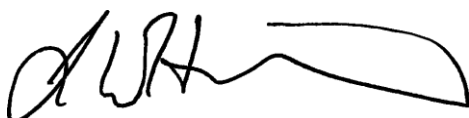

The following companies actively promote transshipment services:

[company details]

The above confirms that the transshipment of aluminium extrusions via a third country (i.e. [country]) is a common occurrence.

If you have any questions concerning the attached, please let me know. I can be contacted on (02) 8222 0113 or you may contact Capral's representative Mr John O'Connor on (07) 3342 1921.

Yours sincerely

Luke Hawkins
General Manager – Supply and Industrial Solutions
