**Public File Version**

Dear Mr Mantynen

**Investigation No. 447 – Aluminium extrusions exported through one or more third countries from The People’s Republic of China –**

Capral has been able to identify further companies involved in the circumvention (including transshipment) of aluminium extrusions to Australia that have been produced in China.

Please see Confidential Attachment A which outlines email conversation [details of offer and company]

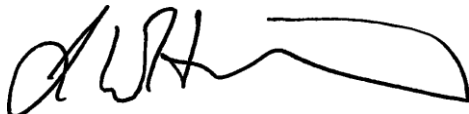

Confidential attachment B is [further evidence].

Confidential attachment C is an email conversation [details of offer and company].

The above confirms that the circumvention of Anti- Dumping and Countervailing duties of aluminium extrusions through transshipment is a common occurrence.

If you have any questions concerning the attached, please let me know. I can be contacted on (02) 8222 0113 or you may contact Capral’s representative Mr John O’Connor on (07) 3342 1921.

Yours sincerely

Luke Hawkins  
General Manager – Supply and Industrial Solutions
