PUBLIC RECORD VERSION SEF 254

June 29, 2015

Received on 29 June 2015

Mr Bora Akdeniz
Assistant Director
Anti-Dumping Commission
55 Collins Street
Melbourne Vic 3000

Via email: Bora.akdeniz@adcommission.gov.au

Dear Mr Akdeniz

PUBLIC RECORD VERSION SEF 254 - REQUESTS

I am writing to you in response to your decision to redact certain sections of my Public Record Version Document of 17th May 2015 on behalf of Saha Thai.

The redactions result from ATM's so called concerns that the ATM and its agent's stated commercial relationship including pricing and payment details constitute commercially sensitive information.

Whilst I do appreciate that I cannot 'lose' information by redaction there is obviously now, no public awareness of what is considered to be relevant market information in terms of causation and injury.

REQUEST NO. 1

I would, however, request that my Public Record Version now include bracketed non-confidential summaries.

Kindly advise if you agree to the inclusion of bracketed confidential summaries.

REQUEST NO. 2

The application for this ATM Investigation was signed by the Manager, Trade Development, OneSteel Manufacturing P/L on 5th June, 2014.

ATM is a wholly owned subsidiary of Arrium Limited as is OneSteel Manufacturing Pty Ltd and presumably, 'OneSteel A'sia' is also owned by Arrium Limited.

PUBLIC RECORD VERSION SEF 254

On that basis all of the entities mentioned are legally related. Given the relationships I am requesting the Commission to ask ATM if the parent company Arrium Limited has any plans to close the ATM local production of tubular goods, the subject of this Investigation.

ATM has publicly stated it will cease production at its Somerton Plant by 25th August 2015.

My request is based on the contents of the **attached confidential communication** from 'OneSteel' to my client dated 8th July 2014 and also on the understanding that Arrium Limited treats ATM as a discontinued business.

Thank you to your consideration.

Regards

A handwritten signature in black ink, appearing to read 'Jack Howard', written in a cursive style.
