#### ***Customs Act 1901 – Part XVB***

On 17 October 2014, Dale Seymour, the Commissioner of the Anti-Dumping Commission, published a notice announcing the initiation of an investigation into the alleged dumping of steel reinforcing bar (rebar) ("the goods") exported to Australia from the Republic of Korea, Malaysia, Singapore, Spain, Taiwan, the Kingdom of Thailand and the Republic of Turkey.

A full description of the goods is available in Anti-Dumping Notice (ADN) No. 2014/100. This ADN is available on the internet at [www.adcommission.gov.au](http://www.adcommission.gov.au).

ADN No. 2015/39, which related to an earlier extension, advised that the statement of essential facts (SEF) for this investigation would be placed on the public record by 1 July 2015. The SEF will set out the facts on which the Commissioner proposes to base recommendations to the Parliamentary Secretary to the Minister for Industry and Science (the Parliamentary Secretary).

To enable completion of the verification of exporters' data, I have requested a further extension of time under subsection 269ZHI(1)(a) of the Customs Act 1901 (the Act) to publish the SEF.

The Parliamentary Secretary has, under subsection 269ZHI(3) of the Act, further extended the deadline for the publication of the SEF. The SEF will now be placed on the public record by no later than 2 September 2015. Interested parties will be invited to make submissions to the Anti-Dumping Commission (the Commission) in response to the SEF within 20 days of the SEF being placed on the public record.

A recommendation to the Parliament Secretary will now be made in a report due on or before 19 October 2015.

Documents included in the public record may be examined at the Commission's office by contacting the case manager on the details provided below. Alternatively, the public record is available at [www.adcommission.gov.au](http://www.adcommission.gov.au).
