CONDUCT OF THE INQUIRY

The Commissioner of the Anti-Dumping Commission (the Commissioner) announced in Anti-Dumping Notice 2017/137 that he initiated the inquiry on 16 October 2017.

The inquiry will examine whether exporters of certain aluminium extrusions from China have engaged in the circumvention activities as outlined in section 269ZDBB of the *Customs Act 1901* (the Act) of exporting the goods to Australia from China through one or more third countries including Malaysia, Thailand, Indonesia, and the Philippines.

For the purposes of the inquiry, the inquiry period to determine whether anti-circumvention has occurred will be from **1 January 2015**.

After concluding the inquiry, the Commissioner will recommend to the the Assistant Minister for Industry, Innovation and Science and the Parliamentary Secretary to the Minister for Industry, Innovation and Science (the Parliamentary Secretary)¹ that the original duty notice:

- (i) remain unaltered; or
- (ii) be altered because the Commissioner is satisfied that circumvention activities in relation to the original notice have occurred.

The Commissioner must maintain a public record of the inquiry. Documents included in the public record may be examined at www.adcommission.gov.au or at the Commission's office by contacting the case manager.

Interested parties, as defined by subsection 269T(1) of the Act, are invited to lodge written submissions concerning this inquiry, no later than the close of business on **22 November 2017**, addressed to:

The Director
Operations 2
Anti-Dumping Commission
Level 35
55 Collins Street
Melbourne VIC 3001

or email operations2@adcommission.gov.au.

Interested parties wishing to participate in the inquiry must ensure that submissions are lodged promptly. Interested parties should note that the Commissioner is not obliged to have regard to a submission received after the date mentioned above if to do so would, in the Commissioner's opinion, prevent the timely placement of the statement of essential facts (SEF) on the public record.

The public record must contain, among other things, a copy of all submissions from interested parties.

¹On 19 July 2016, the Prime Minister appointed the Parliamentary Secretary to the Minister for Industry, Innovation and Science as the Assistant Minister for Industry, Innovation and Science. For the purposes of this investigation, the Minister is the Parliamentary Secretary to the Minister for Industry, Innovation and Science.

PUBLIC RECORD

Interested parties claiming that information contained in their submission is confidential, or that the publication of the information would adversely affect their business or commercial interests, must:

- (i) provide a summary containing sufficient detail to allow a reasonable understanding of the substance of the information that does not breach that confidentiality or adversely affect those interests; or
- (ii) satisfy the Commissioner that there is no way such a summary can be given to allow a reasonable understanding of the substance of the information.

Submissions containing confidential information must be clearly marked '**FOR OFFICIAL USE ONLY**'.

Interested parties must lodge a non-confidential version or a summary of their submission in accordance with the requirement above (clearly marked '**PUBLIC RECORD**').

Statement of Essential Facts

The dates specified in this notice for lodging submissions must be observed to enable the Commissioner to report to the Parliamentary Secretary within the legislative timeframe. An SEF will be placed on the public record by 3 February 2018, or by such later date as the Parliamentary Secretary may allow in accordance with section 269ZHI of the Act. The SEF will set out the essential facts on which the Commissioner proposes to base a recommendation to the Parliamentary Secretary. The SEF will invite interested parties to respond to the issues raised within 20 days of the SEF being placed on the public record.

Report to the Parliamentary Secretary

Submissions received in response to the SEF will be taken into account in completing the report and recommendation to the Parliamentary Secretary.

A recommendation to the Parliamentary Secretary will be made in a report on or before 20 March 2018 (or such later date as the Parliamentary Secretary may allow).

The Parliamentary Secretary must make a declaration within 30 days after receiving the report, or due to special circumstances, such longer period as the Parliamentary Secretary considers appropriate.

EXISTING MEASURES

Anti-dumping measures in the form of dumping and countervailing duties on aluminium extrusions exported to Australia from China were imposed on 28 October 2010 by the then Attorney-General.

On 28 October 2015, the Assistant Minister for Industry, Innovation and Science and the Parliamentary Secretary to the Minister for Industry, Innovation and Science (the Parliamentary Secretary)² continued anti-dumping measures on aluminium extrusions exported from China in the forms of:

- interim dumping duties, except for exports by Tai Ao Aluminium Tai Shan Co Ltd and Guangdong Zhongya Aluminium Company Limited; and
- interim countervailing duties, except for exports by Tai Ao Aluminium Tai Shan Co Ltd.

On 22 June 2017 the Parliamentary Secretary imposed:

- dumping duties on the goods exported to Australia by the category of 'uncooperative and all other exporters' from Malaysia and countervailing duties on the goods exported to Australia by the category of 'non-cooperative and all other exporters' from Malaysia; and
- dumping duties on the goods exported to Australia from Vietnam.

Further details of the measures in place are available in the *Dumping Commodity Register* on the Commission's web site.

²On 19 July 2016, the Prime Minister appointed the Parliamentary Secretary to the Minister for Industry, Innovation and Science as the Assistant Minister for Industry, Innovation and Science. For the purposes of this investigation, the Minister is the Parliamentary Secretary to the Minister for Industry, Innovation and Science.

INSTRUCTIONS

Why you have been asked to fill out this questionnaire?

The Anti-Dumping Commission (the Commission) is responsible for assisting the Commissioner in conducting an inquiry into alleged circumvention activity.

The inquiry follows an application made by an Australian industry member manufacturing the goods. The application alleges that the goods are exported from China to a third country such as Malaysia, Thailand, Indonesia, or the Philippines and then exported from that country to Australia, thereby avoiding the measures.

The Commission will examine your exports to Australia from **1 January 2015** (the inquiry period) and imports of the goods during the inquiry period to determine whether the prescribed anti-circumvention activity of export of goods through one or more third countries has occurred.

At the end of the inquiry a report will be provided to the Parliamentary Secretary. After considering the report and any other information that the Parliamentary Secretary considers relevant, the Parliamentary Secretary may leave the original notices unaltered or alter the original notices accordingly.

The Commission inquiry will be carried out under the provisions of the Part XVB of the *Customs Act 1901*.

What happens if you do not respond to this questionnaire?

If you do not respond, do not provide all of the information sought, do not provide information within a reasonable time period, or do not allow the Commission to verify the information, the Commission may be required to rely on information supplied by other parties (possibly information supplied by the Australian industry) to assess if circumvention of the measures has occurred.

It is in your interest, therefore, to provide a complete and accurate submission, capable of verification.

Due date for response

You are requested to respond to this questionnaire and return it to the Commission within the time specified on the cover page. There is a statutory time limit imposed for the inquiry. The Commission may not be able to consider questionnaires received after the due date.

If you cannot lodge your questionnaire by the due date you must advise the inquiry case manager prior to the due date.

Confidential and non-confidential submissions

You are required to lodge one confidential version (for official use only) and one non-confidential version (for public record) of your submission by the due date.

Please ensure that *each page* of information you provide is clearly marked either '**FOR OFFICIAL USE ONLY**' or '**PUBLIC RECORD**'.

All information provided to the Commission in confidence will be treated accordingly. The non-confidential version of your submission will be placed on the public record.

PUBLIC RECORD

Please note that Australia's anti-dumping and countervailing legislation requires that to the extent that information given to the Commission is claimed to be confidential or whose publication would adversely affect a business or commercial interest, the person giving the information must ensure that a summary of that information contains sufficient detail to allow a reasonable understanding of the substance of the information, but does not breach confidentiality nor adversely affect those interests.

The legislation allows for a person not being required to provide a summary for the public record if the Commission can be satisfied that no such summary can be given that would allow a reasonable understanding of the substance of the information. However, such a summary would add considerably to an interested party's understanding of information contained in a document.

As provided for in Australia's anti-dumping and countervailing legislation, all submissions are required to have a bracketed explanation of deleted or blacked out information for the non-confidential version of the submission. Note that if such an explanation is not provided, the Commission may disregard the information in the submission. An example of a statement to accompany deleted or blacked out text is:

[explanation of arrangements with customers].

If, for some reason, you cannot produce a non-confidential summary, please contact the inquiry case manager.

Declaration

At section E, you are required to make a declaration that the information contained in your submission is complete and correct. Alternatively, if you did not export the goods during the period of inquiry, you may make a declaration to that effect.

You must return a signed declaration with your response to the questionnaire.

Verification of the information that you supply

The Commission may seek to verify the information provided in your submission. Where there is a large number of exporters, the Commission may have to verify information from selected exporters only. The purpose of a verification visit is to verify the information submitted in response to this questionnaire.

If you do not manufacture the goods

If you export, but do not produce or manufacture the goods (for example, you are a trading company, broker, or vendor dealing in the goods), it is important that you forward a copy of this questionnaire to the relevant manufacturers **immediately**. You should also inform the inquiry case officer of the contact details for these manufacturers.

You should complete those sections of the questionnaire that you are reasonably able to complete. If you are unable to supply certain details, you should clearly explain why the section does not apply to your company.
