**Subsidy investigation into rod in coils exported from the  
Peoples Republic of China**

Dear Director,

This submission is made on behalf of Jiangsu Shagang Group Co., Ltd, (Shagang) in response to the submission made by OneSteel Manufacturing Pty Ltd dated 29 August 2016.

As demonstrated and verified by the Commission on two separate occasions (both dumping and countervailing investigations), Shagang is subject to the prevailing company tax rate in China and as such did not benefit from a reduced tax rate or preferential tax policies.

Shagang rejects the assertion by OneSteel it may have impeded, misled or provided false information to the countervailing investigation. Shagang has truthfully responded to the Commission's questionnaire and identified all benefits received under the alleged subsidy programs. In addition, as noted and verified by the Commission, Shagang has self-reported additional potential programs where benefits were received since 2010. ■■■■

Shagang rejects the simple assertion that it may be a state-invested enterprise, and highlights the ownership information verified by the Commission which demonstrates this it is a private enterprise.

Yours sincerely

John Bracic
