

NOTE FOR PUBLIC RECORD  
REVIEW 419  
HOLLOW STRUCTURAL SECTIONS

On 1 May 2018, Austube Mills Pty Ltd made a submission in relation the above review (see EPR record No.54). As the Commissioner of the Anti-Dumping Commission was due to report to the Assistant Minister on 3 May 2018, the Commissioner was of the opinion that to consider the submission, lodged after the 20 day period for responses to the Statement of Essential Facts, would have prevented the timely preparation of his report. In accordance with subsection 269TEA(4) of the Customs Act 1901, the Commissioner is not obliged to have regard to the submission. The Commissioner has not had regard to the submission in preparing his report to the Assistant Minister.
