**INVESTIGATION INTO THE ALLEGED DUMPING OF HOT ROLLED
STRUCTURAL STEEL SECTIONS EXPORTED FROM JAPAN, THE
REPUBLIC OF KOREA, TAIWAN AND THAILAND**

Hyundai Steel Test Certificates for HRS exports to Australia

The Anti-Dumping Commission (the Commission) received a submission from OneSteel on 6 May 2014, in response to Hyundai Steel's submission lodged with the Commission and published on the Public Record on 22 April 2014, pertaining to domestic and export steel grades.

As part of OneSteel's submission, confidential attachments were provided in the form of Hyundai Steel issued test certificates for HRS exportations to Australia. The Commission requested OneSteel provide a non-confidential version of these certificates in order for publication on the Public Record allowing interested parties an opportunity to consider this information. These non-confidential certificates can be now located on the Public Record at document 57.

A handwritten signature in black ink, appearing to read 'A. Yacono'.
