To Ms Andrea Stone, Director, Operations 2 - Australian Anti-Dumping Commission

From Andrew Lumsden / Andrew Percival

Date 25 September 2014

Subject **Dumping & Subsidy Investigation – Stainless Steel Sinks – submissions by Australian industry**

Dear Ms Stone

Non-Confidential

We refer to the two submissions made by the Australian industry, in particular the applicant in this investigation Tasman Sinkware Pty Ltd, on 22 September 2014 and published on 23 September by the Anti-Dumping Commission (**Commission**) on the public record of this investigation.

We note that both of the submissions were prepared and filed with the Commission by an "International Trade Remedies Advisor" on behalf of the Australian industry. We further note that the identity of the "International Trade Remedies Advisor" was not disclosed in the submissions.

It is unclear to us why the identity of the "International Trade Remedies Advisor" is confidential and request that the Commission arrange for the identity of the "International Trade Remedies Advisor" to be disclosed on public record.

If you have any queries, please let us know.
