BACKGROUND AND GENERAL INSTRUCTIONS

1. Purpose of the supplementary questionnaire

The purpose of this supplementary questionnaire is to seek further information regarding additional subsidy programs provided by the Government of India (GOI).

Please note that the subsidy sections of this questionnaire focus on identified programs that the Anti-Dumping Commission is specifically investigating at this stage. However, Commission may also investigate any additional subsidy program(s) that it considers may warrant investigation if additional information comes to light in relation to further programs.

Any additional questions may be posed to the GOI in the form of further supplementary questionnaires.

The GOI does not have to complete this supplementary government questionnaire. However, if the GOI does not respond, the Commission may be required to rely on information supplied by other parties (including information supplied by the Australian industry – the applicant for the countervailing measures).

Therefore, it is considered to be in the GOI's interests and the interests of Indian exporters of galvanised steel, to provide a complete response.

If the GOI chooses to respond to this questionnaire, the response is due by **31 March 2017**.

2. If you decide to respond

Should the GOI choose to provide a response to this supplementary questionnaire, please note the following:

For official use only and public record

If the GOI chooses to respond to this supplementary questionnaire, you are required to lodge a "for official use only" and a "public record" version of your submission by the due date.

In submitting these versions, please ensure that each page of the information you provide is clearly marked either "**FOR OFFICIAL USE ONLY**" or "**PUBLIC RECORD**" in the header and footer.

All information provided to the Commission "for official use only" will be treated confidentially. The public record version of your submission will be placed on the public record, which all interested parties can access.

Your public record submission must contain sufficient detail to allow a reasonable understanding of the substance of the "for official use only" version. If, for some reason, you cannot produce a public record summary, contact the case manager (see contact details on Page 1 of this questionnaire).

Declaration

You are required to make a declaration that the information contained in the GOI's response is complete and accurate. You must return the signed declaration of an authorised GOI official at the last section of this questionnaire with the GOI's response.

PUBLIC RECORD

Provision of documents

When providing documents, please indicate whether the documents:

- are currently in force;
- were in force during the investigation period; or
- have been repealed, revised or superseded.

Where the documents have been repealed, revised or superseded;

- indicate when this revision occurred;
- provide any notice of repeal;
- provide the revised version;
- provide the document that supersedes the requested document; and
- indicate whether the revised version was in force during the investigation period.

Responses to questions should:

- be as accurate and complete as possible, and attach all relevant supporting documents, even where not specifically requested in this questionnaire;
- be in English (with fully translated versions of all requested and other applicable documents submitted);
- list your source(s) of information for each question;
- identify all units of measurement used in any tables, lists and calculations;
- show any amounts in the currency in which they were originally denominated.

Please note that answers such as: "Not Applicable" or an answer that only refers to an exhibit or an attachment may not be considered by the Commission to be adequate. We therefore suggest that in answering the questions you outline the key elements of your response in the primary submission document, rather than merely pointing to supporting documents of varying degrees of relevance and reliability as your answer.

Lodgement

Lodgement by email is preferred. The email address for lodgement is shown on the front cover of this questionnaire. If you lodge by email, you are still required to provide a "for official use only" and "public record" version of your submission by the due date.

You may also lodge your response by mailing it to the address shown on the front cover of this questionnaire. For questions requiring a response in a Microsoft Excel spreadsheet that cannot be emailed, please provide those spread sheets on a CD-ROM or on a USB device.

3. Future questions

Please note that after receiving the GOI response to this supplementary questionnaire, the Commission may seek additional information from the GOI.

ADDITIONAL SUBSIDIES

The applicant alleges that producers of galvanised steel in India have benefited from a number of subsidies granted by the GOI, and that these subsidies are countervailable. During the course of the investigation, additional subsidy programs were either disclosed by the cooperating exporters or identified by the Commission during the recent verification visits.

INVESTIGATED PROGRAMS

Table 1 below lists four additional countervailable subsidy programs (from programs 56 to 59) for galvanised steel. While these programs may have been identified and responses may have been provided in GOI's initial responses, the Commission understands that the names of these additional four programs may be slightly different and/or the assessment/implementation/application may be different.

Note: the below titles of programs are to the best of the Commission's knowledge and in some cases may simply be descriptions of the program. Consequently, the below titles may not exactly reflect any official titles that the GOI has in place.

The GOI is requested to provide information on each program, regardless of the year the benefit was granted by the GOI or the year that the benefit was received by the recipient company, as well as those further identified by the GOI, where the program benefits impact on the production and sale of galvanised steel during the investigation period.

Table 1: INVESTIGATED PROGRAMS

The following are the additional subsidy programs:

Program Number	Program Name
56	Merchandise Exports from India Scheme
57	Sales Tax Deferral Program
58	Electricity Duty Exemption
59	Interest free loan

In responding to this questionnaire, if the GOI is unfamiliar with the title given to a program, but is aware of the existence of a similar program or one that it appears is being referred to, please identify this program (including providing the official title of any such program) and respond to the questionnaire in relation to that program.

ANY OTHER PROGRAM NOT PREVIOUSLY ADDRESSED

If the GOI, any of its agencies, or any other authorised non-governmental body provides any other assistance programs not previously addressed (including market development assistance programs or any domestic support programs related to the manufacture of the subject goods) to manufacturers of galvanised steel in India, identify these program(s). Such assistance programs are those that constitute a subsidy as defined in the attached Glossary of Terms.

The GOI is requested to provide the information requested for each of the programs identified above and any additional programs the GOI has identified. In addition, please respond to the program-specific information requested.
