## **ANTI-DUMPING NOTICE NO. 2017/65**

### **Certain Zinc Coated (Galvanised) Steel**

**Exported from the Republic of India, Malaysia and the Socialist Republic of Vietnam**

### **Further Extension of Time Granted to Issue the Statement of Essential Facts and Final Report in relation to an investigation**

*Customs Act 1901 – Part XVB*

On 7 October 2016, Dale Seymour, the Commissioner of the Anti-Dumping Commission (Commissioner) published a notice announcing the initiation of an investigation into the alleged dumping of zinc coated (galvanised) steel (the goods) exported to Australia from the Republic of India (India), Malaysia and the Socialist Republic of Vietnam (Vietnam) and alleged subsidisation of the goods exported to Australia from India and Vietnam.

A full description of the goods is available in Anti-Dumping Notice (ADN) No. 2016/105. This ADN is available on the Anti-Dumping Commission's (Commission) website at [www.adcommission.gov.au](http://www.adcommission.gov.au).

The notice initiating this investigation advised that the statement of essential facts (SEF) for the investigation would be placed on the public record by 25 January 2017 and a recommendation to the Assistant Minister for Industry, Innovation and Science and the Parliamentary Secretary to the Minister for Industry, Innovation and Science (the Parliamentary Secretary)<sup>1</sup> would be made in a final report on or before 11 March 2017. The SEF will set out the facts on which the Commissioner proposes to base his recommendations to the Parliamentary Secretary in relation to this investigation.

The due dates for publishing the SEF and for providing the final report were previously extended as outlined in ADN No. 2017/08 and ADN No. 2017/53.

The Commission has received some information from the Australian industry late last week which is critical to this investigation. As a result, the Commission will require additional time to consider that information to determine if dumping and/or subsidisation of the goods from India, Malaysia and Vietnam has caused material injury to the Australian industry producing like goods. For this reason, I, Paul Sexton, General Manager, Investigations, requested a further extension under subsections 269ZHI(1)(a) and 269ZHI(1)(b) of the Customs Act 1901 (the Act) to the deadline for the Commissioner to
