INVESTIGATION 370

GALVANISED STEEL EXPORTED FROM THE REPUBLIC OF INDIA, MALAYSIA AND THE SOCIALIST REPUBLIC OF VIETNAM

FILE NOTE

Visit to BlueScope Steel

The Commission visited BlueScope Steel Limited (the applicant) on Monday 15 May 2017 to verify additional information provided by the company and to discuss the following issues:

- BlueScope's pricing strategies in general
- How BlueScope uses Import Parity Pricing (IPP) to establish selling prices for galvanised steel in the Australian market in different market sectors.
- BlueScope's sources of IPP data and information
- HRC transfer costs from one profit centre to another
- Other factors that BlueScope considers are relevant for the Commission to consider in determining whether material injury to BlueScope has been or is being caused in regards to this investigation.

Detailed discussion notes and evidence provided by BlueScope is at **Confidential Attachment 1**
