## **ALUMINIUM ZINC COATED STEEL EXPORTED FROM TAIWAN**

Termination of investigation

**Public notice under subsection 269TDA(15) of the Customs Act 1901**

On 5 September 2012 the Chief Executive Officer (CEO) of the Australian Customs and Border Protection Service (Customs and Border Protection) initiated an investigation into the alleged dumping of aluminium zinc coated steel exported to Australia from the People's Republic of China (China), the Republic of Korea (Korea) and Taiwan, following an application lodged by BlueScope Steel Limited.

Customs and Border Protection published a notice in *The Australian* on 5 September 2012 notifying of the initiation of the investigations, and issued Australian Customs Dumping Notice (ACDN) 2012/40, which contains further details on the investigations, available at <http://www.customs.gov.au/anti-dumping/notices.asp>.

As a result of Customs and Border Protection's investigation, the Delegate of the CEO of Customs and Border Protection is satisfied that:

- there has been no dumping by Yieh Phui Enterprise Co. Ltd of aluminium zinc coated steel exported from Taiwan; and
- there has been no dumping by any other exporters of aluminium zinc coated steel from Taiwan and therefore the volume of aluminium zinc coated steel exported to Australia from Taiwan that has been dumped is negligible.

Therefore, in accordance with subsection 269TDA(1) of the *Customs Act 1901* (the Act) the Delegate of the CEO of Customs and Border Protection has decided to terminate the investigation into the alleged dumping of aluminium zinc coated steel so far as it relates to Yieh Phui Enterprise Co. Ltd.

In accordance with subsection 269TDA(3) of the Act the Delegate of the CEO of Customs and Border Protection has decided to terminate the remainder of the investigation into the alleged dumping of aluminium zinc coated steel from Taiwan.

In making the decisions to terminate, the Delegate of the CEO has had regard to the application, submissions from interested parties, Statement of Essential Facts (SEF) no. 190, submissions in response to that SEF, and other relevant information.

Termination Report no. 190B, which sets out reasons for the termination decisions, including the material findings of fact or law upon which the decisions are based, has been placed on Customs and Border Protection's public record, available at <http://www.customs.gov.au/anti-dumping/cases.asp>. Alternatively, the public record may be examined at Customs House by contacting the case manager on the details provided below.

Customs and Border Protection provided its report to the Minister for Home Affairs in respect of this investigation on 30 April 2013.

The applicant may request a review of the delegate's decision to terminate the investigation by lodging an application with the Trade Measures Review Officer in the approved form and manner within 30 days of the publication of the public notice.

**Public notice under subsection 269ZZM(4) of the Customs Act 1901**

On 31 October 2011 the Chief Executive Officer (CEO) of Customs and Border Protection Service (Customs and Border Protection) initiated an investigation into the alleged dumping of quicklime to Australia from Thailand, following an application lodged by Cement Limited.

The delegate of the CEO terminated the investigation on 31 October 2011. Following an appeal to the Trade Measures Review Officer (TMRO) revoked the termination on 25 June 2012 and the investigation resumed by Customs and Border Protection.

As a result of Customs and Border Protection's resumed investigation, the Delegate of the CEO of Customs and Border Protection is satisfied that there has not been, or may be, dumping of some or all of the goods, but that the injury to the Australian industry, that has been, or may be, caused by the dumping is negligible and, therefore, has decided to terminate the investigation in accordance with subsection 269TDA(13) of the *Customs Act 1901*.

In making the decision to terminate, the Delegate of the CEO has had regard to the application, submissions from interested parties, the Statement of Essential Facts no. 179 (SEF 179), submissions in response to that SEF, report of the Trade Measures Review Officer, statement of the TMRO, submissions in response to SEF 179A and other relevant information.
