Dear Sanjay

Government of China - ADC request for certain steel slab information for purposes of hot rolled plate steel investigation

We refer to your email of 21 July 2013.

The absence of the data relating to steel slab from the response of the Government of China ("GOC") to the original Exporter Questionnaire was not apparent until we received your email.

As requested in your email, the GOC now provides the following:

- Attachment 68 – corporate tax rates for steel slab producers;
- Attachment 69 – tariff rates applicable to imports of steel slab;
- Attachment 70 – tariff rates applicable to exports of steel slab;
- Attachment 71 – export quotas applicable to steel slab;
- Attachment 72 – imports of steel slab from China; and
- Attachment 73 – exports of steel slab from China.

Attachments 72 and 73 are considered to be confidential. However, the other Attachments may be placed on the public record.

Finally, the GOC would note that Anti-Dumping Commission's conclusions in its Preliminary Affirmative Determination in relation to JIGANG must be taken to preclude any finding that steel slab sales in the POI did not "reasonably reflect competitive market cost".

Yours sincerely

Alistair Bridges
