Finding in relation to an accelerated review of anti-dumping measures

CUSTOMS ACT 1901 – PART XVB

The Australian Customs and Border Protection Service (Customs and Border Protection) has completed its accelerated review of anti-dumping measures applying to consumer pineapple exported by Kuiburi Fruit Canning Co Ltd (KFC) to Australia from Thailand (“the goods”), which was commenced on 8 June 2012.

Recommendations resulting from that review, reasons for the recommendations and material findings of fact and law in relation to the review are contained in International Trade Remedies Report 191 (REP 191).

The Minister for Home Affairs having considered REP 191 has decided to accept the recommendations and reasons for the recommendations, including all the material findings of facts or law set out in the report.

Under s. 269ZG(3)(b)(ii) of the *Customs Act 1901* (the Act), with effect from 8 June 2012, this Act and the *Customs Tariff (Anti-Dumping) Act 1975* will have effect as if the original dumping duty notice had applied to the applicant but the Minister had fixed specified different variable factors relevant to the determination of the duty payable by the applicant.

As a result of this review no interim dumping duty will be payable on consumer pineapple exported from Thailand by KFC unless the export price is below the relevant normal value, thus the effective rate of duty is zero.

Copies of REP 191 may be obtained from International Trade Remedies Office Management, Canberra (telephone (02) 6275 6547 or facsimile (02) 6275

6990). International Trade Remedies reports are also available on the Customs and Border Protection internet site at <http://www.customs.gov.au>

To preserve confidentiality, the revised variable factors will not be published. Bona fide importers of the goods can obtain details of the new rates from the Regional Dumping Officer in their respective capital city.

Enquiries regarding the outcome of the review may be directed to the case supervisor on telephone number (02) 6245 6950, fax number (02) 6275 6990 or itrops2@customs.gov.au.
