

ANTI-DUMPING NOTICE NO. 2017/01

Customs Act 1901 – Part XVB

Hot Rolled Coil Steel

**Exported from Japan, the Republic of Korea, Taiwan and
Malaysia**

Expiry of anti-dumping measures

Notice under subsection 269ZHB(1) of the Customs Act 1901

I, Dale Seymour, the Commissioner of the Anti-Dumping Commission, in accordance with subsection 269ZHB(1) of the *Customs Act 1901* (the Act), advise that the anti-dumping measures on hot rolled coil steel exported to Australia from Japan, the Republic of Korea (Korea), Taiwan and Malaysia are due to expire.

The anti-dumping measures were initially imposed by public notice (a dumping duty notice) on 20 December 2012 by the then Minister for Home Affairs (the then Minister) following consideration of *International Trade Remedies Report No. 188*. Following a reinvestigation by the Australian Customs and Border Protection Service in 2013, the then Minister varied the dumping duty notice with effect from 17 July 2013 after accepting the recommendations in *International Trade Remedies Report No. 209*. The dumping duty notice is due to expire on 20 December 2017.

Those persons as specified in subsection 269ZHB(1)(b) of the Act are invited to apply for the continuation of the anti-dumping measures. The application must be in writing, be in the form I have approved for the purposes of section 269ZHC, contain such information that the form requires, be signed in the manner indicated in the form, and be lodged in the manner approved under section 269SMS. Applications must be lodged by 13 March 2017.

The application must provide evidence addressing whether there appear to be reasonable grounds for asserting that the expiration of the anti-dumping measures to which the application relates might lead, or might be likely to lead, to a continuation of, or a recurrence of, the material injury that the measures are intended to prevent.

If an application is received that complies with the prescribed requirements and I decide not to reject that application, I will publish a notice on the Anti-Dumping Commission's website indicating that it is proposed to inquire whether continuation of the measures is justified. I will undertake an inquiry and report my recommendation to the Assistant Minister for Industry, Innovation and Science and Parliamentary Secretary to the Minister

for Industry, Innovation and Science (the Parliamentary Secretary)¹ within 155 days of publication of the notice advising the commencement of the inquiry (or such longer period as the Parliamentary Secretary may allow in accordance with section 269ZHI of the Act).

If no application is received within the period specified above, the anti-dumping measures applying to hot rolled coil steel exported to Australia from Japan, Korea, Taiwan and Malaysia will expire on 20 December 2017. Therefore on and from 21 December 2017 anti-dumping measures would no longer apply.

Copies of the approved application form and the accompanying guidelines are available at www.adcommission.gov.au. Enquiries about this notice should be made to business.gov.au on telephone 13 28 46 or +61 2 6213 6000 (outside Australia) or email clientsupport@adcommission.gov.au.

Dale Seymour
Commissioner
Anti-Dumping Commission

12 January 2017

¹ On 19 July 2016, the Prime Minister appointed the Parliamentary Secretary to the Minister for Industry, Innovation and Science as the Assistant Minister for Industry, Innovation and Science. For the purposes of this inquiry the Minister is the Parliamentary Secretary to the Minister for Industry, Innovation and Science.
