

ANTI-DUMPING NOTICE NO 2023/019

Customs Act 1901 (Cth) – Part XVB

Ammonium Nitrate

Exported from the People's Republic of China, Sweden and Kingdom of Thailand

Expiry of anti-dumping measures

Notice under subsection 269ZHB(1) of the *Customs Act 1901 (Cth)*

I, Dr Bradley Armstrong PSM, the Commissioner of the Anti-Dumping Commission (the Commissioner), in accordance with section 269ZHB(1) of the *Customs Act 1901 (Cth)* (the Act),¹ advise that the anti-dumping measures on ammonium nitrate, exported to Australia from the People's Republic of China (China), Sweden and the Kingdom of Thailand (Thailand) are due to expire.

The anti-dumping measures were initially imposed by public notice (a dumping notice) on 3 June 2019 by the then Minister for Industry, Science and Technology, Karen Andrews, following consideration of Anti-Dumping Commission Report No. 473. The anti-dumping measures consist of a dumping duty notice in relation to the goods exported to Australia from China, Sweden and Thailand.

The dumping and countervailing duty notice is due to expire on 3 June 2024.

Those persons specified in section 269ZHB(1)(b) of the Act are invited to apply for a continuation of the measures. The application must be in writing, be in the form I have approved for the purposes of section 269ZHC, contain such information that the form requires, be signed in the manner indicated in the form, and be lodged in the manner approved under section 269SMS. Applications must be lodged by 2 June 2023.

The application must provide evidence addressing whether there appear to be reasonable grounds for asserting that the expiration of the anti-dumping measures to which the application relates might lead, or might be likely to lead, to a continuation of, or a recurrence of, the material injury that the measures are intended to prevent.

If an application is received that complies with the prescribed requirements and I decide not to reject that application, I will publish a notice on the Anti-Dumping Commission's website

¹ All legislative references in this notice are to the *Customs Act 1901 (Cth)*.

indicating that it is proposed to inquire whether continuation of the measures is justified. I will undertake an inquiry and report my recommendation to the Minister within 155 days of publication of the notice advising the commencement of the inquiry (or such longer period as may be allowed in accordance with section 269ZHI of the Act).

If no application is received within the period specified above, the anti-dumping measures applying to ammonium nitrate, exported to Australia from China, Sweden and Thailand, will expire on 3 June 2024. Therefore, on and from 4 June 2024, anti-dumping measures would no longer apply.

Copies of the approved application form and the accompanying guidelines are available at www.adcommission.gov.au

Enquiries about this notice should be made to www.business.gov.au on telephone 13 28 46 or +61 2 6213 6000 (outside Australia) or via email at: clientsupport@adcommission.gov.au.
