

ANTI-DUMPING NOTICE NO 2023/027

Customs Act 1901 (Cth) – Part XVB

Railway Wheels

Exported from the People's Republic of China and France

Expiry of anti-dumping measures

Notice under subsection 269ZHB(1) of the *Customs Act 1901 (Cth)*

I, Dr Bradley Armstrong PSM, the Commissioner of the Anti-Dumping Commission, in accordance with section 269ZHB(1) of the *Customs Act 1901 (Cth)* (the Act),¹ advise that the anti-dumping measures on railway wheels, exported to Australia from the People's Republic of China (China) and France, are due to expire.

The anti-dumping measures were initially imposed by public notice (a dumping notice) on 16 July 2019 by the then Minister for Industry, Science and Technology, Karen Andrews, following consideration of Anti-Dumping Commission Report No. 466. The anti-dumping measures consist of a dumping duty notice in relation to the goods exported to Australia from China and France.

The dumping duty notice is due to expire on 16 July 2024.

Those persons specified in section 269ZHB(1)(b) of the Act are invited to apply for a continuation of the measures. The application must be in writing, be in the form I have approved for the purposes of section 269ZHC, contain such information that the form requires, be signed in the manner indicated in the form, and be lodged in the manner approved under section 269SMS. Applications must be lodged by 15 July 2023.

The application must provide evidence addressing whether there appear to be reasonable grounds for asserting that the expiration of the anti-dumping measures to which the application relates might lead, or might be likely to lead, to a continuation of, or a recurrence of, the material injury that the measures are intended to prevent.

If an application is received that complies with the prescribed requirements and I decide not to reject that application, I will publish a notice on the Anti-Dumping Commission's website indicating that it is proposed to inquire whether continuation of the measures is justified. I will undertake an inquiry and report my recommendation to the Minister within 155 days of

publication of the notice advising the commencement of the inquiry (or such longer period as may be allowed in accordance with section 269ZHI of the Act).

If no application is received within the period specified above, the anti-dumping measures applying to railway wheels, exported to Australia from China and France, will expire on 16 July 2024. Therefore, on and from 17 July 2024, anti-dumping measures would no longer apply.
